

Street Light Division

Be Careful

Keep a safe distance in Monsoon from electricity poles & electricity appliances.

Street Light Division hereby informs the residents of Islamabad as well as general public not to touch electricity poles, transformers and electric appliances during Monsoon season

If any person notices naked electricity wire anywhere he should inform Street Light Division on the following

Complaint Cell (G-6)

051-9208837, 051-9101266

Complaint Inquiry office (I-8)

051-9204782

Additionally, all cable operators are informed to immediately remove their cable network from the poles of street light and follow the NOC, otherwise, all cables would be cut off under departmental action

Deputy Director

Street Light Division
